About Me

I am a civil engineer in Computer Science from Sandnes. My master's thesis was graded B, and it proposes a model for fake news detection in social media using neural networks. The thesis is available on github: <https://www.github.com/henmja>. I am currently working as a control technician for Nærbø Kyllingslakt. There, the tasks are mostly IT-related.

Skills

Python

Java

MATLAB

Go

Javascript

PHP

(*)[The skill scale is from 0 (Fundamental Awareness) to 6 (Expert).]

Key Qualifications

Solution-Oriented
Disciplined
Adaptable

Education
